Letter of Recommendation
Re: New Star General Contractors

To whom it may concern:

I had the privilege of working with New Star General Contractors in the construction of an addition to the West Jordan Senior Center, and would highly recommend them for any project you felt they were qualified for.

The addition involved a \$440,000, 2500+ sf addition to the existing Senior Center. New Star went into the project knowing what the severe time constraints were. They were able to meet the scheduled deadline through the conscientious efforts of their Superintendent and Project Manager.

Change orders were kept to a minimum and were the result of either owner or architect request. The fees associated with the change orders processed were considered reasonable and appropriate.

It would be our pleasure to have New Star General Contractors on future projects with the City of West Jordan.

Sincerely,

Jim Riding
CIP/Facilities Project Manager
