Re: New Star General Contractors

Dear Sir/Madam,

Silverlake Development Corporation is pleased to provide this letter of recommendation for New Star General Contractors.

My company has operated in the Park City, Utah area over the past ten years, and has developed three high-end multi-family condominium projects over that time. New Star General Contractors has been involved for us in all three of those projects.

Silverlake Development has shared a great working relationship with New Star, not only with their upper management team, but also right down to every employee of their firm. Their organization understands fully the importance of delivering a high end product to what certainly are very sophisticated and demanding buyers. They have come through for Silverlake Development time and time again.

New Star General Contractor's ability to deliver a product with the highest degree and quality of workmanship, within critical time frames, and within budget has been proven to us every time. Silverlake Development has worked with several contractors over the years, and the performance and quality delivered to us by New Star has been unequalled.

Silverlake Development is pleased to recommend New Star without any hesitation whatsoever.

Sincerely,

Leonard Scaglione
Vice-President
Silverlake Development Corporation
